June, 2020 – WaterCop, was recently voted the brand leader in “water leak detection” by CE Pro Magazine. CE Pro magazine is the leading trade publication for professionals involved in the custom electronics business. CE Pro conducts an annual ["CE Pro 100 Brand Analysis"](#) survey, identifying the brands most commonly chosen by their top electronics integrators.

WaterCop was also voted a top brand in the “Automated Irrigation” category and recognized as a “Bullet Brand,” a recognition applied to the fastest growing brands regardless of category.

In January (2020), CE Pro selected “water leak detection” as one of the [“Top 5 Home Technology Trends For 2020.”](#) WaterCop was also recognized in the January issue as a leader of the category. Read the article, [“Top Tech Trends of 2020: Water, Water Everywhere”](#) to learn more.
